FILLERS

The University of Minnesota facilities at Morris have been a part of the University since 1910 when the West Central School and Experiment Station started operation. With the start of first year college-level instruction at the University of Minnesota, Morris in September, 1960, the high school level West Central School of Agriculture program will be phased out. The West Central Experiment Station will continue to serve agriculture in western Minnesota.

Prospective students desiring information about the University of Minnesota, Morris or desiring application forms should write to the Director of Student Services, University of Minnesota, Morris, Morris, Minnesota.

The University of Minnesota, Morris has individual professional counseling available to all high school graduates and invites such graduates to utilize this service.

The University of Minnesota, Morris will open on September 26, 1960, offering first year University courses in Science, Literature and The Arts and in 15 pre-professional fields of study.

The University of Minnesota, Morris is an integral and co-ordinate part of the University of Minnesota.
